TO THE

MAYOR, ALDERMEN AND COUNCILLORS

OF THE

COUNTY BOROUGH OF BOURNEMOUTH.

Gentlemen,

The Public Libraries Committee have the honour to submit their Twenty-First Annual Report for the year ending 31st March, 1914.

LIBRARY ASSOCIATION MEETING.

The 35th Annual Meeting of the Library Association was held by invitation of the Mayor and County Borough Council at the Municipal College, kindly placed at disposal by the Education Committee, on September 1st to 5th, when a large number of members and delegates attended. A most interesting and enjoyable conference was held and one that can safely be said to have been a success in every way. Two papers were read by the Chief Librarian, the one on "Music in Public Libraries" creating an animated discussion, which was continued in the musical press for months afterwards. An extension of the provision of music has been considered by many Library Committees since the reading of the paper, and correspondence is still being conducted as to the best means to adopt, and the best books to buy.

COST OF SITE, CENTRAL LIBRARY.

Owing to a difference of opinion as to the amount to be paid for the Central Library Site, a

meeting was arranged with the Auditor, the Chairman of the Education Committee, the Chairman of the Public Libraries Committee and the officers concerned. The result of this conference was reported by the Chairman, when the Committee resolved "That they are in agreement with the decision arrived at, and recognise that, having regard to all the circumstances, the increase in the price to be paid for the site, from £1,320 to £1,500, is equitable . . ."

LITERATURE FOR THE BLIND.

As the books for the blind were never used, being mostly very old and unsuitable, the recommendation that they be transferred to the "National Lending Library for the Blind" who undertook to distribute them to the best advantage was agreed to. As the Committee pays a subscription of £5 per annum to the above Library the local blind people have at their command the whole of the resources of the National Library, and an arrangement has been made whereby new and up-to-date books are borrowed according to the requirements of the local Blind Aid Society.

HOME BINDERY.

During the previous year it had been decided to appoint a practical bookbinder to do the work of the libraries under the Chief Librarian's supervision at the Central Library. Although unable to act on this decision in 1913, it has been found practicable to do so this year, and the results of the first year's work under the new conditions will be noted in the next annual report.

STANHOPE GARDENS.

When the Committee vacated these temporary premises the question of apportionment of the cost

of repairs and reinstatement was considered and amicably settled, the Committee agreeing to pay £60 in full discharge of all liability.

PARTY WALL, BOSCOMBE BRANCH.

To avoid an objectionable space between the Library and the proposed adjoining shops, the Committee recommended the Council to allow the west wall to be used as a party wall at the request of Mr. J. T. Rayner, the vendor of the Library site, and owner of the land east and west. The Town Clerk, acting on behalf of the Council and the Committee, settled all the difficulties in a very able and satisfactory manner, and safeguarded the interests of the authorities in every respect.

MUSIC LECTURES.

During last winter a course of music lectures was given in the John B. M. Camm Music Library by Mr. Hadley Watkins, and were an undoubted success. It is believed that by changing the night of the lectures from Monday to Thursday or Friday future courses will be better patronized, although the attendance at these experimental lectures was quite satisfactory. The whole of the expenses were met without any charge on the Library Rate. At the present time it is impossible under the existing Acts to charge any loss on lectures to Library funds, but in the new Act now before Parliament powers are being sought to remove this limitation.

WESTBOURNE.*

Since the last Report an intimation has been received from the Carnegie United Kingdom Trust

* Since the date of this report your Committee have pleasure in recording that through the generosity of Mr. J. A. Longden (who has purchased a site in Alum Chine Road for £750) negotiations have been satisfactorily re-opened, and the Trust have reconsidered their decision. As soon as the details are arranged the building will be proceeded with.

that as a site has not been secured the Trustees regret that they must withdraw the offer of £2,000 made by Mr. Carnegie in 1903 to provide a branch library for Westbourne.

REFERENCE LIBRARY.

The stock of reference books being too large for the provision made it was agreed to make certain additions and re-arrange the book stacks which has been carried out with the desired effect, and adding very considerably to the appearance of the room, and the comfort of readers.

DONATIONS.

The donations received are set out on another page of this Report. Special reference should be made to the costly gifts of Mr. J. B. M. Camm, the donor of the Music Library. During the Symphony and Classical Concerts season he has presented all the new works performed at the Winter Gardens that are published, which have added very considerably to the Music Library's usefulness and have proved of immense value to music students.

STOCK.

During the year 3,548 volumes were added, bringing the total stock up to 48,133 volumes excluding the approximate stock of the Music Library—4,150 works and pieces.

BORROWERS.

There are 12,873 borrowers, an increase of 1,305. There are also 1,957 with students' extra tickets, or 314 more than last year.

ISSUES.

The total issues from all departments were 346,705. Although there is a decrease in the aggregate issues of 3,443, the non-fiction issues for the year under review were 5,949 more than in the previous year. The whole of the decrease was, therefore, in fiction.

STAFF.

During the year Mr. E. Osborne, a senior member of the Staff and in charge of the Reference Library, was appointed to important re-organisation work in connection with the Sheffield Reference Library. The appointment was made without competition, a most unusual circumstance in library administration. Mr. Osborne is the eighth member of the Staff to secure promotion to an advanced position under other library authorities.
